The Honorable Patty Murray
Ranking Member
Subcommittee on Labor-HHS-Education
Appropriations Committee
United States Senate
Washington, D.C. 20510

Dear Chairman Blunt, Chairwoman DeLauro, Senator Murray, and Representative Cole:

As bipartisan, governor-appointed state and territorial service commissioners, we are joining together to offer this letter to demonstrate our deep commitment to service in the communities that we live in and that you represent. We write to ask you to protect and expand funding for the Corporation for National and Community Service (CNCS) and its programs AmeriCorps, Senior Corps, and the Volunteer Generation Fund as well as our nation's 52 state service commissions.

On behalf of all the programs that we fund and partner with, we extend our sincerest appreciation for the strong support for CNCS in the FY 2019 appropriations legislation which included a \$19 million increase over FY 2018. We are especially thankful for the strengthened investment in AmeriCorps and Senior Corps.

As you know, for decades national and community service has proven to be a cost-effective investment that helps create jobs, solve local problems, and strengthen communities. Each year, 75,000 AmeriCorps members and 220,000 Senior Corps volunteers are serving in communities ravaged by the opioid epidemic, mentoring struggling students, providing job training, supporting veterans and military families, and coordinating disaster relief and recovery efforts, and much more. Now more than ever, we must protect and expand our investments in these types of low-cost, high impact social programs that also leverage private dollars to fund these efforts.

As state service commissioners, we determine the needs of our states, set policy and program priorities for AmeriCorps programs, and provide governors with unique resources and solutions to meet individual state and local needs. We have a strong pulse on the needs in our communities and we know that service is having a significant impact. Therefore, we ask you to prioritize service to our country by fully funding and expanding AmeriCorps to 100,000 members, increasing Senior Corps resources to keep pace with the growing 55+ population, enhancing state service commissions capacity to expand service opportunities, and invest in youth service and disaster response funding by expanding the Volunteer Generation Fund, and supporting all the programs of CNCS in the FY 2020 appropriations legislation.

If we can be of assistance during the FY20 appropriations process, please contact us through our national association, America's Service Commissions (ASC). ASC Chief Policy Officer Tom Branen can answer any questions you may have at tbranen@statecommissions.org or (202) 207-5389.

Thank you for your continued service to America. We wish you a productive 116th Congressional session.

Sincerely,

The following State Service Commissioners:
